Casa Roble Class of 2020 Parades in Style

Casa Roble Class of 2020 Parades in Style

On a perfect night, in the quiet of the Sunrise Mall's back parking lot, the Casa Roble Class of 2020 had their night; celebrating in style, cruising in decorated cars, wearing their graduation robes and huge smiles as they paraded in front of family, friends and community who gathered together to cheer for the soon-to-be graduates.

The parade was in response to disappointing news from the San Juan School District announcing that only a "virtual" graduation would be allowed this year as a result of the COVID 19 pandemic. That's when parents took matters into their own hands, coordinating their own "live" event in the spacious back property of the mall's parking lot.

"I was absolutely heartbroken when I heard the news from the district," said Casa Roble senior parent Maryann Williams, "There are kids not going to college, who will be missing their only time to experience graduation. I felt it was so unfair that I needed to do something."

Williams initiated contact with management at Sunrise Mall, who was very receptive to the idea of a parade. From there, a small group of parents rallied together, coordinating and publicizing the event. Within days, a full parade, with all the bells and whistles, was in the works!

The night kicked off with congratulatory speeches from County Supervisor Sue Frost, Orangevale Honorary Mayor Julie King and a trumpet solo from Orangevale musician "Chaz" who played "Pomp and Circumstance". The parade was led by Sac Metro Fire, followed by Citrus Heights police, and mascots including the Casa Ram and Ovee the Orange from the Orangevale Chamber of Commerce. Orangevale Live streamed the event and interviewed students who thanked parents, teachers and the community for all their support. Further down the parade route, a DJ announced the names of the graduates as over 150 students and cars came through in front of parents cheering, waving signs, and ringing cow bells.

By all accounts, the night was a huge success with raving heartfelt reviews and accolades from those who watched in person and from family members who

watched online from as far away as Florida and Mexico. Even two local news stations, Fox 40 and KCRA 3, did stories for their evening broadcasts.

"It was an epic night of celebration and one we will never forget," said Casa senior parent volunteer Courtney Rankin, "My heart is full."

Congratulations to the Casa Roble Class of 2020! We wish you all the best!

OV Unplugged

OV Unplugged

Hello Orangevale and surrounding communities! Our family hopes that everyone is continuing to stay strong and safe during this time and we want to thank the families whom have reached out to us regarding our screen-free activity challenges! While struggling with potentially working from home, managing distance learning, and handling the day to day; we hope friends are still making time for the outdoors! I know our family has enjoyed hearing stories from friends and seeing photos from our screen-free challenges! For our next challenge we would like to share another fun and screen-free activity with our amazing community! Below

you will find our newest OV Unplugged challenge; making a sensory bird craft using materials from nature, some cardboard, and liquid glue. Please feel free to email CNP your beautiful bird creations or post them on social media using the hashtags #OVunplugged and #OVstrong. Stay tuned for our next challenge and feel free to follow us on Facebook and Instagram. You can also visit www.Creative-NaturePlayschool.com for any of these resources and access to CNP's YouTube channel. As always remember to stay strong, put the technology down and to get some sunshine daily.

Article & photo submitted by Brandy Wade

The (below/right/left) photo is of local residents participating in CNP screen-free challenge activities. Clockwise order: Allison shared a fun screen-free sensory chalk activity, Kayla tested her skills in our nature hunt, Nicola used her eye for detail to find items in the nature hunt, and with his family Trystan participated in screen-free bingo by making a large Jenga game from recycled wood. Thank you for sharing and for taking a break from technology to enjoy the outdoors!

This is a simple, fun and yummy snack recipe. This requires no heat, so it is perfect for hot weather! You can bring it to a picnic, road trip, camping or anywhere a simple snack is needed. When I first saw it, I thought that it was just ordinary pretzels, but was I wrong! You will not be able to eat just one. Enjoy!

If you would like to share a favorite recipe, please send a copy to Suzanne Feblowitz at the Orangevale View (editor@ovview.com). Be sure to include your phone number or email with your recipe in case we need to contact you. If you wish to remain anonymous, just let us know and we will omit your name.

RANCH PRETZELS:

2-15 oz bags of pretzels (I would use a bit more or don't use the entire bottle of oil)
1 envelope Dry Ranch Dressing Mix' or if you buy the giant sized container, use 2 Tablespoons.
1 Bottle Butter Flavor Popcorn Oil
1 TBSP Dill Weed
1/2 tsp Garlic Powder
Remove excess salt from the pretzels by putting them in a strainer before putting them in a giant bowl. Pour oil over the pretzels, and then sprinkle the dressing mix,

dill and garlic powder over the pretzels. Then let it sit for several hours or overnight. Toss to mix whenever you walk by! It is done when the oil is soaked in and not greasy.
Store in an air tight container or zip baggies.

If you want a slightly healthier version, you will have to use the oven:
1/2 cup favorite oil
1 tsp garlic powder
1 packet of Hidden Valley Ranch dressing mix
1 Bag of Pretzels (1 lb size)
Preheat oven to 270 degrees Fahrenheit.
Combine the oil, garlic powder, and ranch seasoning mix in a small mixing bowl. Stir to combine thoroughly. In a large mixing bowl add the entire bag of pretzels and then take the seasoning mixture and pour over pretzels evenly. Stir so that the pretzels are coated with the oil mixture. After that, spread the pretzels out onto a baking sheet and baked at 270 degrees Fahrenheit for 15 minutes-20 minutes.
Then allow to cool completely and enjoy!
Store the leftover pretzels in a large airtight container to enjoy throughout the entire week!

Reworking Debbville. My garage HO/N scale model train layout.

In a bold move sending shock waves throughout the staid model train world, Debbville,as the layout is affectionately dubbed, mixes two scales: HO and N. Further defying model train tradition, Debbville models no particular decade, RR name, nor industry. It's simply a whimsical rail journey from the flying sau-

cer hovering over the mountain, to Cinderella's castle, through Debbville proper, and out into the orange groves and cattle ranches.

"It keeps me out of the bars," says its creator. Debbville Under Development <https://www.youtube.com/watch?v=kLISJlwjfyw>

CASA ROBLE HIGH SCHOOL BASEBALL 2020 "PLAY EVERY GAME AS IF IT'S YOUR LAST"

CASA ROBLE HIGH SCHOOL BASEBALL 2020

Mason Graham, #22

Mason is going to Boise State studying Business with a minor in Microbiology. His most memorable moment of his high school career is his first homerun against Lincoln High School freshmen year.

Curtis Linarez, #2

Curtis is going to UNR studying Education and History to become a teacher. He will never forget losing the section semi-finals last year; however, the bus ride home, eating Mr. Pickles was a highlight.

Seniors,
There is a cliché in sports that goes, "Play Every Game As If It's Your Last". Well, we were not expecting our season to only last four games! The pandemic has left a hole in our hearts but hasn't infected our love of baseball. You may have played your last game, and that's fine. You will go on to do great things in this world, this is only a small chapter of your life. The sheltering-in-place and your season ending can't take away your memories of the last four years. Remember Halloween Intermural Games, our yearly golf tournaments, winning D-4 League Championship and making it to section semi-finals last year! You are not only a team, you are family. Congratulations Casa Roble Baseball 2020!

Article by Laurie Ablogand photos submitted by Courtney Rankin

Riley Sallagoity, #42

Riley will be attending American River College studying kinesiology. Riley has played with some of his teammates since he was six years old, playing little league at C-Bar-C. He has made lifelong friends while being on Casa Roble's baseball team

Jacob Vega, #1

Jacob is attending Chico State in the fall studying kinesiology. Something that sticks out to him is that this group of boys made practices more enjoyable and easier to get through.

CELEBRATING 12 YEARS

Clean and Sober Recovery Services is celebrating 12 years of providing treatment for alcoholism and drug addiction in Orangevale and the surrounding areas.

In the twelve years of providing this valuable treatment, Clean and Sober has helped literally 1000's of our fellow citizens in our local communities to get clean and sober and achieve long term sobriety.

John and Denise Perry have built a high-quality recovery home that would be affordable for those with no insurance that need help. Clean and Sober Recovery Services is the largest private pay treatment center for detox, residential treatment, and transitional living in the greater Sacramento area. The full continuum of care has proven to be the most effective method for "relapse prevention" in the recovery space which Clean and Sober had implemented from day one 12 years ago!

As an active member of Alcoholics Anonymous for more than 22 years, John Perry brings a personal knowledge and experience of the trial and tribulations of early sobriety. He applies that experience daily to helping those

in need to provide a safe and supportive program to literally change lives and begin the journey of a meaningful and productive life.

Clean and Sober has been a successful employer locally with a well-trained staff that has the responsibility and accountability to provide the best care for our clients every day.

As a proud member of the Orangevale community, we are here; we are open today to help those in need of help during these challenging times.

Clean & Sober Recovery Services Inc. continues to accept new clients while monitoring updates from the Center for Disease Control (CDC) Department of Health Care Services (DHCS) and treatment industry leaders about the Corona virus (COVID-19) and we are taking appropriate measures to reduce the impact on our clients and staff.

ORANGEVALE Chamber of Commerce

Supervisor Sue Frost

Listening to the Voters

by Supervisor Sue Frost

On May 14th, the Sacramento Transportation Authority voted to approve an expenditure plan for a local half-cent sales tax increase across Sacramento County by a vote of 11-5 that will very likely go on the ballot in November. I voted “no” for four main reasons, and want to take this opportunity to explain what they are.

First, I cannot for the life of me think of a worse time to tell residents of this County that they need to pay the government more money. Just two days before this vote, Governor Newsom warned that California may see one-fourth of California’s workforce without jobs and that our economic downturn will be worse than the Great Recession. Residents of this County need financial relief, not more pain.

Second, I am fully confident that voters will reject this tax by an unprecedentedly enormous margin, and it is a waste of taxpayer dollars to put a tax proposal on the ballot when we already know the outcome. Even before the outbreak of COVID-19, polling told us this tax measure would fail by 13% – and it costs the taxpayers over \$1,000,000 to put this on the ballot. We are already going to be faced with a huge number of layoffs, and this will only increase that number for no conceivable benefit.

Third, the residents of this County have been extremely loud and

clear on how they feel about this issue. This one item alone received over 750 public comments, and around 700 of them were opposed to the tax increase. The comments came from across the County and came from people from all walks of life. Many people said they would never support a tax increase, and many said they might support one if we were not in the midst of an emergency. But almost all of them agreed that right now this is a bad idea.

Finally, I do not think this tax, if passed, would actually fix our roads to an acceptable level. Even when you exclude all the roads within the Cities in the County, Sacramento County needs an additional \$25 million annually just to maintain the roads at their current level. To improve the roads to a standard that people would deem as “good,” we need an additional \$65 million yearly. This tax would not even come close to generating the \$65 million we need to get our roads to a “good” level, especially when you consider that nearly 40% of this tax would go towards a public transportation system that hardly anyone uses.

The final step this tax needs to take to go onto the ballot is a vote at the Board of Supervisors on July 14th, but unlike the previous vote that needed a two-thirds majority to pass, this one only needs a simple majority. Assuming it passes, this will be on the ballot November 3rd for all voters of Sacramento County to officially vote on. Expect to hear a lot more about this issue from me and others between now and then.

Thank you for reading – and as always, if you want to contact me, call me at 916-874-5491, or e-mail me at SupervisorFrost@saccounty.net.

May 2020

Dear Elected Officials,

As you know the current “shelter in place” and shut down of businesses over the last several

weeks has been an extreme hardship for many small businesses in our community. Some have had to close their doors indefinitely while others are struggling daily with the uncertainty of their future to survive.

As the Orangevale Chamber of Commerce, we feel it is our duty to represent the best interests

of our business community to thrive and in this case, survive. To that end, we decided to survey

our membership with one simple question. “Understanding the current restrictions on social

distancing, are you prepared to open your business to the public?” The answer was an overwhelmingly “yes”!

We thought we’d forward this information along to you, so that you have the input of our

members and can reflect that in your efforts to represent us during this time.

Thank you for all your hard work on our behalf. We appreciate your continued support!

Sincerely,

The Orangevale Chamber Board of Directors
