join us on Saturday. Details on [www.ovsummerpalooza.com](http://www.ovsummerpalooza.com) under entertainment.

Sponsored by L&M Liquor and Deli, Saturday night will be an epic concert experience. Starting off with our local talent Billy Williams followed by American Mile. The Hottest Country/Heartland Rock Band from Southern California. With influences ranging from Aerosmith and The Black Crowes to Chris Stapleton and Tom Petty, their powerful sound has garnered them important shows in front of thousands at festivals and shows such as Summerfest, the NASCAR Auto Club 400, and an NYE headlining slot at the infamous Idaho Potato Drop in Boise.

But that is just a start to the evening of music. The Cripple Creek Band will bring their national recording performance to close out the Saturday night evening. Influenced by artists including, Lynyrd Skynyrd, Waylon Jennings, Alabama, Eagles, Hank Williams Jr., John Mellencamp, Travis Tritt, Eric Church, Merle Haggard, Blackberry Smoke, Chris Stapleton, Tom Petty, The CCB creates their own southern roots style of music that leaves you wanting more. They have opened and played with Toby Keith, Whiskey Meyers, Jon Pardi, Morgan Wallen, Neal McCoy, Drake White, The Cadillac Three, Eli Young Band, Colt Ford, Dustin Lynch, The Outlaws, Buckcherry, Love & Theft, William Michael Morgan, David Nail, Tyler Farr and many more. It is sure to be a great night of music in our local park!

Sunday Fun Day for Dad! Gates open at 12 noon with

the Classic Car Show. Vintage Cruisers is a local car club that brings classic cars and great people together just for the love of classic cars. Food, Games, Carnival, and Music continue to close out the last day. Classic Rock spun Country/Bluegrass by Lo-Fi Lowdown will be followed by Sunset Rive an energetic dance band playing a wide variety of musical styles encompassing Classic Rock, Pop, OS Soul, Funk, and Country.

The greatest part of what organizers hope will become an annual event is that it supports our local businesses, non-profits, youth, and school groups during the festival's three days. So, when you visit OV Summer Palooza, you are not only keeping the community traditions alive (under a new name of course), but you are contributing to the financial support of many organizations as well! The groups have volunteers that work in various areas such as parking, recycling, trash removal, and other miscellaneous areas to earn donations/funding for their group. So come on out, have some fun and help us keep the community tradition alive!

Orangevale's Summer Palooza is currently offering affordable sponsorship opportunities and accepting applications for Vendors (crafters and exhibitors). Details can be found at [www.ovsummerpalooza.com](http://www.ovsummerpalooza.com) or feel reach out to [Lisa@alleventsplus.net](mailto:Lisa@alleventsplus.net)

Please visit [www.ovsummerpalooza.com](http://www.ovsummerpalooza.com) for event details and updates. Entertainment, attractions and other details are subject to change without notice.

## ORANGEVALE PARK/ COMMUNITY CENTER DISTRICT ESTABLISHMENT

Almost forty years ago the Orangevale Recreation and Park District was created. We had seven parks in the town, but they were managed by the Sunrise Recreation and Park District. People in the community felt we were not getting the fair share of county services for the taxes paid.

Their efforts paid off when the Sacramento County Board of Supervisors voted to establish an independent park district in Orangevale in August of 1983.

The new Orangevale Park District received seven park sites from the Sunrise Park District, the Orangevale Community Park; Orangevale Youth Center Park; Snipes/Pershing Park (now Norma Hamlin Park); Palisades Park; Pecan Park; Rollingwood Nature Area and Sundance Park with Almond Park from the Fair Oaks Park District. The Board agreed the park sites were pretty much ignored and underdeveloped.

In the summer of 1988, Orangevale Community Center, Inc. formed by Charlie Clark, who was also a director of the Orangevale Recreation and Park Dis-

trict, to begin the drive for the building of a Community Center in Orangevale. The group held fundraisers to acquire funds to get the center built. The Directors had selected six tentative sites. In April 1989, the Board of Directors chose the site across the street from their park offices at the Youth center. It was two parcels owned by Anselmo/McNabb.

Director Lianna Errecart had been in negotiations with Jill Anselmo for this property when she found out that the Mormon Church had purchased it for the price of \$780,000 around May of 1990, but only included eleven acres for the church. The Sacramento County Board of Supervisors granted the district's request to approve eminent domain proceedings for the community center site at 6800 Hazel Avenue.

Article by Joyce Krueger of the Orangevale History Project.

This is part 1 of a series being written on the park district in the next few months. Come join us to learn and help uncover our history at the monthly meetings at the Orangevale Chamber of Commerce at 8897 Greenback Lane on the first Wednesday of each month at 6:30 pm. HIS Power  
Years since I asked Him to enter  
Into my heart to stay  
Years since I took a solemn vow  
To let Him have His way.

Years it has taken to know Him  
Learning to know His will.  
Moment by moment He leads me  
Teaching me to be still.

My Lord asks me, so lovingly,  
"Child, Did you give your all?  
Come let Me take all your burdens  
Lest some cause you to fall"

My Lord has love for His children  
And He so freely gives.  
He has promised His love divine  
And in my life He lives.

There is never a moment without Him  
He's here every hour.  
Through all my trials and errors  
I can grasp His power.

One of everyone's favorite desserts is Pineapple Upside-Down Cake. National Pineapple Upside-down Cake Day was April 20th this year. This week I am sharing a recipe that I finally got my hands on in 2015. I work with Vallerie Whitehorn at Ottomon Elementary and she used to bring this delicious cake to the events at our own children's elementary school (Coleman). When I started working with her at Ottomon, she generously shared the recipe with me. She knew it by heart because she has been making this cake for years. Originally, I made the cake by using just the ingredients in my kitchen, so my first cake was made with pineapple chunks and no cherries and it came out just fine!

If you would like to share a favorite recipe, please send a copy to Suzanne Feblowitz at the Orangevale View (editor@ovview.com). Be sure to include your phone number or email with your recipe in case we need to contact you. If you wish to remain anonymous, just let us know and we will omit your name.

**VALLERIE'S  
PINEAPPLE  
UPSIDE-DOWN CAKE**

Yellow Cake Mix  
Eggs – (amount called for on cake mix box)  
Vegetable oil- (amount called for on cake mix box)  
1 can (20oz)- Canned Pineapple rings, drained, juice reserved  
1 cup brown sugar, packed  
¼ stick of butter (6 tablespoons)  
Maraschino cherries without

stems, cut in half

Heat oven to 350 degrees  
Prepare cake batter by following directions on the box except use the reserved juice instead of the water. You may need to add water to this to reach the amount needed; set batter aside.

Place butter in an empty pan. Put pan in oven to melt butter.

This should take a few minutes. Vallerie uses a cast iron skillet approximately 11 inches diameter.

You can use a large cake pan or even a 13x9 pan.

When butter is melted, take pan out of oven. Evenly distribute brown sugar in pan. Place pineapple rings on top of brown sugar in a nice arrangement, you may need to cut some rings to fit the pan.

Put cherries in the center of the rings, round side down. Gently pour cake batter over the pineapple. Spread evenly.

Bake for the amount of time specified on the box or until a toothpick comes out clean. Remove from oven and wait 10 minutes, then run a knife around the edges of the pan and then place cake plate securely over top of cake (Be sure cake plate is larger than the pan!)

Very carefully flip the cake over and carefully lift pan off.  
TA DA! Enjoy!

Marley with Greatgranddaughter Aurora ("Rory")

Mel and Marley Savery ride their recumbent trikes about ten miles most every day...at 83 and 84 years of age!

Once President of Citrus Heights Area 11 (in 2019), Marley takes delight in riding through San Juan Park where the pickle ball courts are rarely vacant. A major project for her cabinet was the resurfacing of the old tennis courts and the repurposing of them to the current three pickle ball courts and one tennis court. This project was made possible by partnering with the Sunrise Park and Recreation District.

Mel maintains three tractors and has enjoyed riding them in local parades.

Orangevale Chamber of Commerce Business Spotlight  
**PAPPAS POOLS**

By: MaryAnne Povey

With summer on the horizon, if you own a pool, you'll want to make sure it's sparkling clean and ready to use! If you dread the time and effort it takes to get your pool "summer ready" then you might want to consider hiring an expert to handle it! Having a professional maintain your pool will actually save you money in the long run and keep your pool and equipment running longer, according to Josh Pappas, owner of Pappas Pools in Orangevale.

You could say Josh and his wife Megan are making a "big splash" since launching their family owned business in 2020. They started with a route of only two pools, one of those being a family member and now handle over 260 pools in the area. They are becoming the "go to" service provider for trusted pool maintenance in Orangevale and in surrounding communities and was voted Orangevale's Best Pool Service in 2021.

Josh is no stranger to pool maintenance, with over 18 years of experience in the pool industry, he loves what he does.

"I got into the biz on a whim," said Josh, "I was working for a company doing gutter and chimney cleaning but that work was slow during the summer so they started cleaning pools too. The company only had one guy cleaning pools so that's where I cut my teeth and found a niche with servicing pools."

It wasn't too long after that Josh applied with an established pool service company and once he got hired "he never looked back".

It was there that Josh started learning the basics of water chemistry, caring for equipment, and plaster maintenance. It wasn't long before he added pump, filter and solar repairs. In the end there wasn't much Josh couldn't fix. He also took specialized training courses and made lots of great connections along the way.

When the thought of running his own business popped into his head, he shared it with another pool service guy, who encouraged and guided Josh to step out on his own, even offering to sell him his route, because he knew Josh and his excellent reputation. But the timing was not quite right, so Josh stuck it out and got promoted with the company he'd been with since 2007, taking on a management position and handling training and teaching everything he knew to the new guys. Josh became invaluable as the "go to" guy!

After the promise of a partnership fell through, he took it as a sign to finally do his own thing. Within a short time, Josh and Megan got to work getting the licenses needed, hired an accountant, got incorporated and they were off and running right in the middle of 2020. You can say things happen for a reason!

"In the first three to six months we set a goal of 75 customers which we got," said Josh, "Then 115 for our first year, and now two years later we service 260 customers! We've

hired two employees, added additional trucks, equipment, and an office."

Going into business for oneself has its risks but even more so during the middle of a pandemic. Luckily, Josh's services were deemed "essential" so he was able to leave his old job and pursue his dream of building his own business.

Customer service is one of Josh's core values and is probably why he has such a good reputation. One neighbor/customer says he is "very service oriented". His wife Megan will tell you that people trust him because "he won't sell someone something they don't need. He's very good about troubleshooting and will tell someone what they need, what they don't and help them make informed decisions."

For questions about pool service, pool equipment repairs and/or other pool related inquiries, call Pappas Pools at 916.220.7799. They'd be more than happy to come out and help you with your pool service needs.

### “JUST CAWS”

Three wise crows sat in a tree. There names were Aba, Baba, and Cadaba. They were as wise as crows could be –

This Aba, Baba, and Cadaba Said Aba: “I see by yonder moon that’s round Men are fighting on earth’s ground, Can you tell me Baba brother Why ther’re killing one another?” Baba snapped his beak to state: “Though ‘tis getting rather late, It’s the system with its flaws And then, Just Caws.”

At these matchless words of wisdom They flapped their wings in wild derision

Croaked aloud without a pause: “Caws, Caws, Just Caws.”

On this night so wild and eerie Baba had himself a query, “O Cadaba, Wonder, why do men err and blunder?”

Cadaba quipped: “By yon moon that’s paling, Err and blunder is their failing, Without them both there’d be no wailing – And then, Just Caws.”

At these ponderous words thus spoken They cawed and danced on boughs unbroken

Croaked aloud without a pause, “Caws, Caws, Just Caws.”

As the dawn the moon was wooing Cadaba had a question brewing, “O Aba, wise and ruing Can men live like doves a-cooing?”

At this age-old puzzling query Aba’s eyes grew large and bleary Commenced his answer loud and sneery ---

At this point a huntsman nearing Spied these birds through leafy clearing Raised his gun without their knowing

And fired the shot that stopped their crowing.

So, we must blame this huntsman’s muzzle That blocked the answer to this puzzle.

Statesmen still must use their jaws

Making rules and passing laws. Why? “Caws, Caws, Just Caws.” (By Lucien S. McComb, Sr.)
