FAMILY AND COMMUNITY ENGAGEMENT PART 2

Opportunities are varied and year long, says Aguirre-Mazzi. Volunteers chaperoning a fall field trip may see the wonder of a kindergartener's independent venture to a pumpkin farm. Civic organizations and community members may support a student in need with warm winter clothes or school supplies during the holidays. As spring comes, those who have been looking for opportunity often come in to lift the load as donations slow down and longtime volunteers need a rest.

At Orangevale Open K-8 on the border of Fair Oaks and Orangevale, the demographics support parent-led and teacher collaboration in a highly organized structure laid out in the schools SITE guidelines. Parents form an additional leadership team in each classroom and coordinate grade cohorts along with teachers to support small group learning, campus wide community events, fundraisers and fieldtrips.

"This supportive environment means students have more vibrant activities, richer experiences from the experience, knowledge and skills volunteers bring as they work with teachers," shares Principal Rick Boster. "There are always needs," he adds. "Start small – one successful event to the next. It can't be just one person – it's the team, shared vision, shared mission. Even a small team can begin great things."

At Woodside K-8, on the border of Orangevale and Citrus Heights, Vice Principal Debra Johnston says they build a combination of parent and community support. As a new administration, they are growing staff awareness of how parents can support and partner. Along the way, they have built community partners by bringing Woodside to the community. Staff attend community events like

Patsy McGavock
PART 1

Sunday Funday, National Night Out and Citrus Heights Area Seven Eight Nine (CHASEN) meetings. Staff ask students what they'd like on campus and work with those partners to make it happen.

When students worked with staff to secure a bottle filling water fountain, Rotary gifted each student a refillable bottle. They also supply new shoes to students. In the garden space, Kiwanis supports resources and Heights Church sends youth volunteers. CHASEN rallies neighbors to volunteer at school events and even sends a representative to Woodside's "small but mighty" Parent Teacher Organization meetings.

Connecting through community events has caught on, Johnston adds, as other schools ask about and have started attending the community events Woodside attends.

Mesa Verde High School, a Title 1 school in Citrus Heights, Vice Principal Cristina Zepeda shares the extensive community partner network staff have built supporting needs as simple as food and supplies for students with unsecure housing, to incentive programs celebrating perfect attendance and improved grades.

"Students who have an adult, not just a parent, intentionally involved in their life - that is the greatest metric of that students' success," shares Boster.

"Everyone has something to give, when it comes to supporting our youth," concludes Aguirre-Mazzi. If supporting students' success is the community connection for you, either as an individual or an organization, contact your closest schools administrative office or the San Juan Unified School Districts Family and Community Engagement Department.

Candle Lighting Service of Remembrance

Holidays are special times when we pause to connect with our loved ones and consider how much they mean to us. We reflect upon good times and sweet memories, especially of those who have departed from us. In this Season, we are often a unique mix of both grief and gratitude. We hang on and let go -- all at the same time. Even though it can be painful to remember, we never want to forget.

Mount Vernon Memorial Park is hosting its annual Candle Lighting Service of Remembrance, Tuesday December 10, at 4:00 PM and 7:00 PM, 8201 Greenback Lane, Fair Oaks, CA. At our service, there will be beautiful music and a message of comfort. You can light a candle of remembrance, join in Christmas Carols, receive a keepsake ornament for your tree and know that you are not alone on your journey. Stay and linger with some hot cider and bring your family or friends.

We also invite you to submit a cherished photo of your loved one to be displayed in our remembrance video. You can mail us the photo with your loved ones name written on the back or email it to carol.rybolt@dignitymemorial.com. Photos need to be submitted by December 6th.

We encourage all to take special time to ponder the precious memories of our loved ones and how they have shaped our lives. As Dr. Seuss profoundly stated, "You will never know the value of a moment until it becomes a memory."

Orangevale Fire Department (1894 – 1950)

No record of coordinated firefighting services before 1918 has been found specific to Orangevale. However, seven years after the Orange Vale Colonization Company started selling 10-acre tracts in 1887, it was reported that the Company was using waters from the American River for irrigation purposes. Many miles of underground wrought iron and steel water pipes, ranging in size from 4 to 26-inches were connected to the water supply, providing a pressure of 100 feet on every portion of the Company's lands – this pressure would prove ample for fighting fire.

In 1918, Orangevale farmers organized a firefighting company and sent an application to the Sacramento County Board of Supervisors for equipment. They were approved to receive an apparatus for the Orangevale department. The officers of the company were: Samuel S. Haywood, Captain; Sol Wahrhaftig, Lieutenant; Frank M. Sands, Fire Warden; and, R. L. Gibbons, Secretary. Anyone wishing to join Orangevale volunteers would sign up with R. L. Gibbons.

In 1920, the Orangevale Farm Bureau formed a committee to make plans for the organization of a fire department for Orangevale. The committee consisted of Charles Johnson, Sol Wahrhaftig, and Samuel Haywood. The county was granted six extinguishers, and a trailer to haul them in an emergency that would be purchased. No plan was in place for the site of a firehouse.

In 1933, the Orangevale Volunteer Fire Department was formed with a single station located at Hazel Avenue and Greenback Lane near the Orangevale Clubhouse. Benefit dances would be held, and proceeds

would be used to purchase firefighting equipment. Admission was 49¢ for couples. Live, corn-fed turkeys were awarded as prizes during the evening.

November 1934 – OV Volunteers elect officers: Earl McNeely (owner of the Sacramento Baseball Club), President; C.L. Filbert (past president), First Vice President; R.E. Richards, Second Vice President; R. W. Johnston (re-elected) to post of Secretary-Treasurer. Howard Greenhalgh, Fire Chief; and Lloyd Greenhalgh, Assistant Chief. The fire fund drive's goal was \$500 with the hope of purchasing a truck and the necessary equipment to give Orangevale fire protection.

December 1934 – C. L. Filbert, Vice President of the Orangevale Volunteer Fire Department announced that the Orangevale Fruit Growers Exchange had turned over its large fruit packing shed to the fire department to use as a firehouse and clubroom. Two rooms in the building would be clubrooms for the thirty members of the department. There would also be a reading room, game room, and a gymnasium for training purposes. During this time several fundraisers were being held so they could purchase a 350-gallon tank, pressure pump, and a second-hand truck.

In 1935, at the cost of \$550, the firemen built themselves a firetruck by converting a 1917 REO touring car. There were 1,500 people that attended the dedication ceremony, including representatives from every fire department in the county (Citrus Heights, Carmichael, Roseville, Folsom, Hagginwood, and Del Paso-Robla). Orangevale was divided into four fire districts with the grammar school at Central and Pecan Avenues as the central point. Northeast quarter from school – district 1, southeast – district 2, southwest – district 3, and northwest – district 4. The fire truck and signal

system were completed for a total of \$650, including truck chassis, tank, piping, hose reel, back pumps, siren, conversion of ordinary chemical extinguishers to Foamit, and all labor assembling.

March 6, 1935 – The Orangevale Fire Department was called out to its first fire. Five minutes after the alarm was given nine men and the equipment were at the scene. It was at the H.C. Ketchum home and while it turned out to be minor, it was reported to be “a very good showing for the first actual alarm.” The Orangevale fire call was 143-F-11 (one long and one short).

Not all calls were fire or human-related. In May of 1935, the Bartell family's pet and milk provider – “the cow”, was eating succulent leaves on a tree which resulted in her slipping and getting caught in the crotch of the tree. When it appeared that the cow would have to be killed or the tree destroyed, a S.O.C. (Save Our Cow) call to the fire department was made and both the tree and cow were saved.

May 22, 1935 – An alarm turned in at 5:00 a.m. was reported at the H. L. Scott residence. By the time the equipment arrived at 5:13, all the standing structures had burned to floor level and there was little the department could do but control the blaze from spreading. However, the completeness of the fire equipment was thoroughly demonstrated. Firemen who responded to the alarm were Chief Howard Greenhalgh, Assistant Chief Lloyd Greenhalgh, Chief Engineer, R.E. (Dick) Richards, Roland Johnston, Ralph Walker, Howard Walker, Kenneth Smith, Milton Smith, Charles Heppler, Bert Stroup, Nick Tomich, Ray Johnson, Marion Johnston, and Robert Teichman.

1935 – The firemen's association was made up of the departments of the following communities: Citrus Heights, Roseville, Orangevale,

Carmichael, Del Paso Heights, Hagginwood, and North Sacramento.

1942 – A garage was built on the Moesinger property on Central Avenue and Beech Avenue to house the fire truck for Orangevale. It was a cinder block building that had a siren on top to notify the volunteer fireman of a fire. When a call came in, the address location of the fire would be written on a whiteboard for the other volunteers to see. The station was in use until 1952. All three of the Moesinger boys, Phillip, Robert, and Eugene, served as volunteer firemen.

1948 – Citrus Heights Firehouse on Auburn Boulevard, near Greenback Lane, was added to the district that was comprised of 100 square miles including Orangevale. This was one of five substations supplementing the main firehouse on Greenback Lane near San Juan High School.

1949 – Phil Moesinger became the new Fire Captain of the Orangevale company truck.

February 1950 – At this time, Citrus Heights was the largest fire district in the county which included seven fire stations and was one of only two fire districts that employed women as firefighters. More than 12 square miles were added to the district, including the area around the site of Folsom Dam. It was mostly farmland with no plans to open an additional fire station so all calls for that area were answered by the station in Orangevale.

December 1950 – The Citrus Heights Fire Department received the first unit of its new three-way radio system to keep in touch with fire trucks, the station, and the sheriff's office - call letters: KM-B-514.

Many improvements for fire protection in the area were made since the late 1800's. More will be revealed in the next segment of our fire department history.

At this time of year many of you may be looking for a recipe to serve to friends and family. This recipe is originally from my grandmother. She made it for me when I was in college, and it was so delicious that I continue to make it when I am looking for an easy recipe that everyone will enjoy.

If you would like to share a favorite holiday recipe or kitchen tip, please send a copy to Suzanne Feblowitz at the Orangevale View (editor@ovview.com). Be sure to include your phone number or email with your recipe in case we need to contact you. If you wish to remain anonymous, just let us know and we will omit your name.

GOLDEN VALLEY ORCHARD SCHOOL CELEBRATED RUBY BRIDGES WALK TO SCHOOL DAY

On November 14, 2024, Golden Valley Orchard School celebrated Ruby Bridges Walk to School Day. <https://rubybridges.foundation/> (Ruby Bridges Walk to School Day honors the living legacy of civil rights activist Ruby Bridges. Every November 14, Ruby's courageous and historic act is celebrated by encouraging students to walk to school and engaging in a day of dialogue about activism, anti-racism, and anti-bullying.

County Supervisor Sue Frost and Staff

CELEBRATING SUE FROST: A SURPRISE RETIREMENT CELEBRATION

By MaryAnne Povey

Last weekend, the Orangevale Community Center was the site of a heartfelt and memorable event—a surprise retirement party for County Supervisor Sue Frost. After eight years of dedicated service to the people of Sacramento County, Sue’s friends, colleagues, and supporters came together to celebrate her tremendous contributions to our community.

The event was a wonderful gathering of people from all areas Sue has served, along with elected officials from local, state, and federal levels. It was inspiring to see such a diverse group united in their appreciation for Sue’s leadership and commitment to making a difference.

Sue was genuinely surprised and deeply moved by the outpouring of love and gratitude. The evening was filled with touching stories and personal reflections, each highlighting her passion for service and her

ability to connect with people from all walks of life. Whether fighting for local issues or ensuring every voice was heard, Sue’s impact has been profound and lasting.

A big thank you goes out to everyone who worked behind the scenes to make this celebration possible, especially her husband Jack. A special shoutout to All Events Management for handling all the planning and coordination, to Anthony Garcia, Chamber President, for his delicious gourmet desserts, and to Cathy Kurtz for her photography that beautifully captured all the special moments of the evening.

Sue Frost has been a tireless advocate for our community, and her retirement marks the end of an incredible chapter of leadership. We are so thankful for her time serving our community and wish her a happy and fulfilling retirement!

CASA ATHLETE SHINES AT STATE CROSS COUNTRY MEET

Casa Roble sophomore Brooklyn Rozumowicz represented her school and community with pride as the only Casa athlete to qualify for the State Cross Country meet this year. Competing in Fresno, Brooklyn raced against California's top athletes in the Division 4 Girls 5K.

With a strong performance, she finished 51st out of 201 runners with an impressive time of 19:23. This accomplishment reflects her hard work, dedication, and determination throughout the season.

Congratulations to Brooklyn on an outstanding achievement—your Casa Roble family is proud of you! Go Rams!

FOR THE LOVE OF OAKS

In many cultures the mighty oak is widely considered to be the 'Tree of Life' due to its long lifespan, strength and its value as habitat for so many species. Oaks have existed here for 65 million years and have survived extreme heat, droughts, floods and glacial periods. They have adapted to all these conditions in order to survive. The oak has a strong presence in Orangevale. The mighty Blue Oak, the grand Valley Oak, the Live Oak and the Scrub Oak all live in our community. These amazing trees are not only beautiful but they serve a major role in the value they add to the ecosystems that surround them. Oaks are a keystone species (think keystone of a stone arch) and support over 300 species of animals including invertebrates, mammals, birds, reptiles and amphibians who rely on them for survival. If they die or are cut down the ecosystem they support will likely collapse.

One example is the relationship between the Oak and the birds it supports. Many moths and butterflies rely on the oak to support their larvae. The larvae or caterpillars rely on the Oak for food for a short period of time before they form their chrysalis. Nearly all land-based birds rely on caterpillars to feed their young during the fledging stage. One study of the Carolina Chickadee, counted between 5000 and 9000 caterpillars to fledge one clutch of baby birds. If you see caterpillars on your oak congratulations, you probably have a healthy ecosystem. They won't damage the tree so don't spray. They are bird food! We are lucky to have so many oaks in Orangevale, let's care for them as the truly amazing species they are. Better yet, if you can, plant a new one!
